

GEORGIOS PANAYIOTOU

From Sweden to France

Project: **Data management, network science and algorithm design**

Research topic: **Informatics**

Swedish Institution: **Uppsala University**

French Institution: **University of Bordeaux**

Dates of mobility: **17/11/2022 to 19/11/2022**

Program: **SFVE-A (ex FRÖ)**

PRESENTATION

[Georgios Panayiotou](#) is a PhD candidate in the [IT Department](#), at [Uppsala University](#). He has received his bachelor's degree from the [University of Cyprus](#) and his master from Uppsala University, both in Computer Science. His research interests include data management, network science and algorithm design.

ACTIVITIES IN FRANCE

During his stay, Georgios Panayiotou met with [Bruno Pinaud](#), Associate Professor in Computer Science, and [Guy Melançon](#), Professor of Computer Science, at [University of Bordeaux](#). They discussed current collaborations on a common project regarding multilayer networks and applied for the [French Regional Conference on Complex System \(FRCCS\)](#), a symposium which will take place in Spring 2023. They also planned future collaborations.
